UPDATE: Progress in Washington, D.C. and the Road Ahead

The Toll and Roll™ Delegates have once again returned to Washington, D.C., June 15-18, 2025, where we met with numerous Representatives offices and spent time at the office of Department of Government Efficiency (DOGE). We are proud to report that our efforts have led to the opening of a sealed federal investigation—a major milestone that holds powerful implications for every victim and brave participant who has come forward.

This moment is proof: your voices are being heard. Your evidence is making an impact. Your persistence is shaking the gates of corruption.

But the fight is not over.

Our delegates have covered these recent trips out of pocket—placing costs on personal credit cards and loans, totaling over \$6,500 still owed. We are now rallying to raise the funds to repay these burdens and to prepare for our biggest push yet:

The September Toll and Roll™ Convoy 2025 — D.C. or Bust

We are organizing a powerful convoy back to Washington, D.C. this September, and for the first time ever, one lucky donor will be selected to join our team in a top-level, high-impact meeting—the most important one of the week, to be announced soon.

This is your movement. This is your country. This is your chance to roll with us toward justice.

Let’s continue to expose the machine, lift the veil, and reclaim what has been stolen from the People.

We Visited 25 States from April 25-May 14, 2025— Delivered by certified mailing the Petition of Remonstrance to 40 state Congress and US Congress et al. We’re Not Stopping Until Remedy Reaches Every Corner of This Republic

We need your support.

Toll and Roll™ 2025 is a nationwide movement of the People, by the People, and for the People—already having reached 25 states and still rolling strong. Our mission is to ensure that every state, every community, and every harmed American is heard, honored, and made whole through the lawful exercise of constitutional remedy.

We move not in protest, but in rightful authority—having lawfully delivered our Petition of Remonstrance and final remedy documents to the appropriate executive offices of this Republic.

Why We Roll:

Flip the Script: Focus on the Documents, Not the Distractions

This movement is about flipping the script back to the truth. We are not chasing endless rabbit holes or political distractions—we are confronting the hard evidence of how everything we own has been stolen: through forged, counterfeit, and fraudulent documents.

From land titles to court orders, from probate fraud to CPS takings—counterfeit documents have been the weapon of choice in a war against the American People. This convoy shines a light on the forged signatures, fake claims, and unlawful filings that have cost families their homes, their land, and even their children.

We are not theorizing—we are showing the paper trail. The records don't lie. Our mission is simple: expose the fraud, deliver remedy, and restore lawful order across this Republic.

- **Generations of Americans have had their private land, homes, and inheritance stolen through forged records, corrupted courts, and unlawful government interference.**
- **We hold over eight years of sworn affidavits, Notices of Liability, and supporting documents, exposing systemic abuse in land records, CPS, probate, and judicial procedures.**
- **These findings have already been delivered directly to multiple executive departments, including the Department of Government Efficiency (DOGE), as well as to Congress in 40 states, the U.S. Congress, and over 600 other departments, agencies, and public servants' offices across the country over the last six years.**
- **We are actively working with DOGE through multiple visits, ongoing dialogue, and future meetings underway—to ensure the People's grievances are addressed and the record corrected in lawful alignment.**

What Your Support Does:

- Continued travel to all 50 states, delivering remedy and education directly to the People.
- Distribution of affidavits, legal filings, remedy notices, and Petitions of Remonstrance to state and federal offices.
- Printing, publication, and community education efforts to restore lawful governance and awareness nationwide.
- Essential operational costs necessary for logistics, legal documentation, outreach, and administrative continuity.

We are committed to full transparency—your donations fund the public mission, not private expenses.

This Is the People’s Convoy—Lawful, Peaceful, and Unstoppable.

We are not backed by corporations.

We are not funded by political parties.

We are We the People, reclaiming the lawful order of this Republic, grounded in the Constitution and God-given rights.

The Constitution makes clear: government is instituted by the People, and it is the People who are the ultimate authority.**
- **Support for logistics, lawful documentation, printing, and administrative continuity, so that the People’s movement remains strong, coordinated, and grounded in lawful action—not emotion or protest, but rightful remedy.**
