

Michaelae Walker - BIO

Michaelae Walker is an advocate, investigative researcher, and founder of Lawful America, whose work centers on government transparency, constitutional issues, citizen rights, and protecting voices too often overlooked.

Her experience began in the defense industry, where she worked alongside her father and gained early knowledge of government contracting, regulatory compliance, and institutional responsibility. She later owned and operated a veterans' clinic in Wichita, Kansas, supporting veterans living with PTSD and those at risk of suicide.

Throughout her career, Michaelae has worked in public policy, tort-reform constitutional amendments, Freedom of Information Act research, public-record investigations, evidence preservation, and complex legal and governmental matters. Through Lawful America, she assists individuals, families, advocates, and organizations throughout the United States and internationally.

Her investigative work has involved allegations of child trafficking, family court proceedings, government contracting, systemic injustice, regulatory oversight, and institutional failures affecting vulnerable people. She has compiled and organized thousands of pages of court filings, government records, historical archives, scientific literature, and other documentary evidence, including more than 800 pages of research concerning vaccine policy, public health oversight, safety, transparency, and individual rights.

In June 2026, Michaelae joined the Toll and Roll™ Delegation, bringing decades of experience in law, investigative research, and public advocacy to the National People's Great Grand Jury and the final stage of the Toll and Roll™ mission. Her persistence and unwavering dedication to the People, justice, and accountability strengthen the work ahead.

Michaelae's mission is to give a voice to those who have been silenced, follow the evidence wherever it leads, preserve the public record, and never stop fighting for what is right.
